***Califone*[®] Expansion Results in Move to New Offices**

Rapid growth for leading audio manufacturer spurs relocation to larger office space

SAN FERNANDO, Calif. (Sept. 1, 2005) – *Califone* International, Inc., the premier manufacturer of high-quality audio technology and sound presentation solutions for schools, industry, institutions and professional use, recently moved its corporate offices from Chatsworth to San Fernando, California.

The company is approaching its 60-year anniversary, and the celebrations commenced with its move to new headquarters. Rapid growth, new strategic initiatives, and greater product development has led to the need for larger offices as well as double the amount of dock and warehouse space.

Market demand for wireless technology and products that support multimedia presentations has grown significantly due to cheaper prices and the explosion in Internet use among all age groups across the world. This year alone, *Califone* has launched new or updated products in nearly all of its product categories, extending its line of media players/recorders, headsets, listening centers, and wireless presentation systems to offer customers a wide range of options that fit in their budgets.

A vanguard of innovative audiovisual technologies for the education and institutional markets, *Califone* has diversified into new markets and hired more talented individuals to its management team to broaden the company's reach and expertise. In recent years, *Califone* has engaged in new initiatives to expand its marketing and sales programs as well as secure OEM partnerships to better serve the needs of educators and audio professionals.

“The move to the new headquarters is a testament to the strong leadership, vision and hard work of our employees as well as our network of experienced dealers, which are helping to serve the needs of our customers in their local communities,” said *Califone* President Roscoe Anthony.

The new address for *Califone* corporate headquarters is 1145 Arroyo Ave., #A, San Fernando, CA 91340. The toll free phone number remains 1-800-722-0500. The direct phone number remains the same at 818-407-2400 and the toll-free fax number remains 877-402-2248. For more information about the company, visit www.califone.com.

MORE

About *Califone*

Califone was founded in 1946 and continues to be a leader in the design, development and manufacturing of audiovisual and supplemental curriculum products for use in education, presentation and professional markets. The company offers a complete line of audio solutions, wireless systems and multimedia products for small, medium and large presentation needs. *Califone* serves millions of educators and children in the preK through higher education school environments and has expanded to serve business and industry, houses of worship, parks and recreation and other presentation markets as well.
