### **Excelsior Software Introduces ‘Pinnacle Over IP’**

GREELEY, COLO. (December 9, 2005) – For K-12 districts exploring web-based storage and hosting of data, Excelsior now offers Pinnacle Over IP.

The new solution delivers the complete functionality of the Pinnacle client-server model via the web. Forgoing the expense of client-server hardware, a district can now deploy the Pinnacle Gradebook2, Attendance Manager and Principal Viewer from any Internet enabled computer and can manage data from any remote location.

Pinnacle Over IP, which is already being used by Miami-Dade County Public Schools, is available at no extra charge to Excelsior customers. For more information, visit [www.excelsiorsoftware.com](http://www.excelsiorsoftware.com).

#### **About Excelsior Software**

Excelsior Software is committed to raising student achievement by providing immediate access to performance information, increasing teacher productivity, and improving communication. As the pioneer of the electronic gradebook concept in 1986, Excelsior’s experience in assessment management supports educators by delivering the technical innovations that meet the needs of today’s evolving data-driven educational system. The company’s Pinnacle Plus software solution automatically tracks and reports student progress and attendance data to educators and parents at the individual, group, class, school, and district levels. Currently, Excelsior works with educators in nearly 1,000 districts nationwide. Its Pinnacle Plus solution is certified under the SIF Certification Program and is the sole student assessment software product recommended by the Association for Supervision and Curriculum Development (ASCD). Excelsior remains privately owned by its original founders, with company headquarters in Greeley, Colo. For more information, visit [www.excelsiorsoftware.com](http://www.excelsiorsoftware.com) or phone 1-800-472-4572.
